

# Beginnings Assisted Conception Unit Self-funding price list

**1st April 2025 to 31st March 2026**

Self-funding treatment is for those patients who are not eligible for NHS treatment

**Please note that payment will need to be made in full before treatment commences.**

## Consultation fees

<b>Initial consultation</b>	<b>£225</b>
<b>Follow-up consultation</b>	<b>£200</b>

The treatment type and items included in the various package cost is detailed below. Please be aware some things are NOT included in the initial price, extra costs may be incurred for the following:

- **Freezing of surplus embryos** (if required)
- **Semen analysis** (if required)
- **Additional blood tests** (as required), please be aware these may not be covered in NHS cycles

**Patients will be sent an invoice prior to commencement of treatment.**

Please note we do not charge for blastocyst culture. If anything is unclear please clarify with a member of the team.

<b>Medication per cycle</b> (This is an average cost and is subject to change dependant on type of treatment and individual needs. Fees are charged by the pharmaceutical company directly to patient)	<b>£900 - £1800</b>
<b>IVF cycle</b> <ul style="list-style-type: none"> <li>• Nurse consultation</li> <li>• Counselling session</li> <li>• Ultrasound scans and blood tests as required for treatment</li> <li>• Surgical egg collection and sperm preparation</li> <li>• Blastocyst culture in the <b>EmbryoScope™</b> (as appropriate)</li> <li>• One fresh embryo transfer* (with use of <b>EmbryoGlue®</b>)</li> <li>• Early pregnancy ultrasound scan <b>or</b> one follow-up consultation with doctor if a negative outcome (within 3 months)</li> </ul> <p>If embryos need to be frozen for <b>medical reasons</b>; freezing and storage for one year will be covered in the price instead of a fresh transfer. The follow up FET cycle will be charged as per the price list</p>	<b>£3950</b>
<b>Cancellation of IVF/ICSI cycle (Before Stimulation)</b> (If a cycle is cancelled, a charge for services performed will be applied, for hormonal blood tests and clinical advice)	<b>£525</b>

## Fertility Assessments (MOT)

### Single Fertility Check-up Package

£475

- Consultation
- Ultrasound scan
- Hormone blood tests (AMH, FSH, LH, Oestradiol, TSH; Prolactin if appropriate)
- Follow-up consultation

### Fertility Check-up Package (same sex couple)

£725

- Consultation
- Ultrasound scan
- Hormone blood tests (AMH, FSH, LH, Oestradiol, TSH; Prolactin if appropriate for both)
- Follow-up consultation

### Fertility Check-up Package (heterosexual couple)

£575

- Consultation
- Ultrasound scan
- Hormone blood tests (AMH, FSH, LH, Oestradiol, TSH; Prolactin if appropriate)
- Semen analysis
- Follow-up consultation

If you wish to add a Hycosy (tubal patency scan) to your Fertility check-up there will be an additional fee of £400 on top of the package price.

## Investigations

### Fertility ultrasound scan (single scan)

£160

### Pregnancy Scan

£200

(For Ovulation Induction Patients & St Helier Fertility Patients only up to 10 weeks gestation)

### 3D (± saline infusion) ultrasound scan

£325

### Hycosy

£495

### 3D Hycosy

£495

### Endometrial Scratch (day 24-25 of cycle before treatment)

£220

### Semen Analysis

£150

### Pre Op Assessment if medically required (General Anaesthetic/Sedation Patients)

£200

### Artificial Oocyte Activation ( By recommendation only)

£200

## Freezing costs (Cryopreservation)

### Embryo Freeze

£775

- Includes the freeze and one year storage fee

### Sperm Freeze As Part of IVF

£495

- Includes the freeze and one year storage fee (for assisted conception patients only)

### Sperm Freeze

£800

- Nurse/Embryology Review & Consent Paperwork
- Blood tests
- Sperm freeze and one year storage fee

### Additional Sperm Sample for Freezing

This is per each sample and needs to be within a 2 month period otherwise full freeze cost will apply

£150

### Egg, Embryo and Sperm storage

Annual charges for either eggs, embryos or sperm (part year discount is not available)

£400

## Administration charges

<b>Import into ACU</b> – There is no admin fee for importing eggs/sperm/embryos from another UK clinic. <b>There will be an upfront annual storage fee for samples not used in treatment within 3 months.</b>	<b>N/A</b>
